5-HTP

This neurochemical is a precursor to serotonin, and according to literature it raises the serotonin levels in the brain.

7-Keto

Awarded patents for its use in immune system function, cognitive function and weight loss.

Acerola

Acerola is rich in Vitamin C as well as carotene, thiamin, riboflavin, niacin, proteins, mineral salts, iron, calcium, and phosphorous. Acerola has been used as a remedy against flus and colds, pulmonary disturbances, liver ailments and irregularities with the gall bladder.

Acetyl-L-Carnitine

Acetyl-L-carnitine is similar in form to the amino acid carnitine and also has some similar functions, such as being involved in the metabolism of food into energy. The acetyl group that is part of acetyl-L-carnitine contributes to the production of the neurotransmitter acetylcholine.

Active Hexose Correlated Compound (ImmPower™)

Japanese immune enhancing supplement that has been the subject of more than 30 articles in peer-reviewed journals showing that it supports peak Natural Killer (NK) cell function and associated immune system activity (including enhanced cytokine production and optimal t-cell and macrophage activity.) It has gained the endorsement of leading doctors and experts in natural and nutritional medicine because of its outstanding research. The full text of many studies are available at the website, www.ahccresearch.com and by searching the websites of the National Library of Medicine at

www.pubmed.gov

using the search term: active hexose correlated compound. Product information can be found at

www.theharmonycompany.com/immpower-dg.html

Aloe Vera

Extracts have antibacterial and antifungal properties. A. vera extracts have been shown to inhibit the growth of fungi.

Alpha Lipoic Acid and Lipoic Acid

Is a "non-vitamin" nutrient that is essential to life; it is a strong antioxidant.

Astaxanthin

A carotenoid produced by specific strains of algae and yeast. A potent antioxidant and possible immune booster.

Avemar (Avé)

Avemar is a proprietary nutritional ingredient made by the fermentation of wheat germ through a patented process. It is standardized on the compound DMBQ (di-methoxy-substituted benzoquinones), and has been the subject of close to 100 studies in cell lines resulting in more than 20 articles in peer reviewed medical journals. Avemar helps regulate cell metabolism, inhibiting non-oxidative, while enhancing oxidative, glucose metabolism and supports many mechanisms of immune system regulation. The full text of the myriad studies is available at the website, www.avemarresearch.com, and by searching the websites of the National Library of Medicine, www.pubmed.gov and the American Society of Clinical Oncology, www.asco.org with the search term, Avemar. Product information can be found at www.theharmonycompany.com/ave-dg.html

.

Barley Grass

Super green foods.

Bee Pollen

Effective for combating fatigue, depression, cancer and colon disorder. Has an anti microbial effect. Honey is an antiseptic and salve for burns.

Bee Propolis

As a supplement, it is an excellent aid against bacterial infections. Stimulates phagocytosis,

helps white blood cells to destroy bacteria. Good results against inflammation of the mucous membranes of the mouth and the throat and for stimulating immune system function.

Beta Carotene

Beta Carotene acts as an antioxidant, trapping and neutralizing single oxygen molecules and other free-radicals.

Beta Glucan

Beta-D-Glucan is a polysaccharide, or soluble fiber, component found in a variety of cereals. Beta-Glucans occur in highest amounts in the endosperm of barley and oats.

Beta Sitosterol

Research has shown that phytosterols interfere with cholesterol absorption and thus prevent the rise in serum cholesterol.

Bilberry

Eye, Visual help.

Bioperine®

Extensive human clinical studies have been conducted using Bioperine ® that underline its patented composition and methods for improving gastrointestinal absorption and systemic utilization of nutrients. Clinical research has shown increased bioavailability of CoQ-10 when taken with bioperine.

Black Currant Seed Oil

Essential Fatty Oil

Boswellia

India Herb, Ayurvedic medicine for anti-inflammation, anti-arthritis on joint.

Broccoli Sprouts

Cruciferous vegetables may reduce the risk of cancer by inducing extra protection of the enzymes involved in detoxifying carcinogens and flushing them out of the body.

Bromelain

Bromelain is a powerful anti-inflammatory and protein-digesting enzyme.

Butcher's Broom

Research has shown that these ruscogenins possess vaso-constrictive and anti-inflammatory properties.
